

# USING A SOLAR BATTERY IN YOUR CLASSROOM

## Solar Power Experiments, Discussions, & Research Possibilities

The EcoFlow River PRO (720Wh) battery bank and foldable solar panel kit allow staff to demonstrate - in real time - the power of the sun and how it can generate clean electricity.

## WHO CAN USE IT?

**Any staff member** in the La Crosse School District can check it out at no cost for use in your classroom, at events, or on field trips.

## WHERE TO GET ONE

Staff can check out the EcoFlow battery and folding solar panel kit set from the School District of La Crosse's Buildings & Grounds office. Contact Jen Larson at (608) 789-7666 or [jelarson@lacrossesd.org](mailto:jelarson@lacrossesd.org) to check out your materials.

For teaching ideas and lesson plans, contact SOLS at [solssooner@gmail.com](mailto:solssooner@gmail.com)
